

Meet Unique Patient Needs with Comprehensive Solutions

Effective wound prevention and treatment is critical to ensuring optimal patient outcomes and controlling costs. By offering a wide variety of wound management equipment, Agiliti is ready to become your wound management partner.

Your resource for preventing and treating wounds

Agiliti is your one-call resource for comprehensive equipment-based Wound Management Solutions. We work closely with clinicians to ensure that they get the right equipment for preventing and treating wounds. Beyond providing equipment, Agiliti offers the service and training your staff needs to use the equipment properly and effectively.

Specialty Frames and Therapy Surfaces: Agiliti works with healthcare facilities across the nation to offer a wide variety of mattresses, overlays and frames which can aid in the prevention and treatment of wounds. We provide equipment from leading manufacturers to offer you best-in-class solutions.

Count on Agiliti to deliver the right patient-ready equipment when and where you need it to meet your patient needs and support optimal outcomes.

About Agiliti

Agiliti helps hospitals reclaim millions of dollars in wasted medical equipment. The company places equipment management experts and clinical engineers in more than 7,000 hospitals to ensure that the right equipment is in the right place at the right time. Onsite services free nurses and other clinicians to spend more time caring for patients and less time searching for the equipment they need. Agiliti also provides responsive rental services for a full range of equipment, including respiratory systems, infusion therapy devices, specialty beds and surgical lasers. A nationwide network allows the company to serve all health systems and hospitals across the U.S.
