

Reduce Equipment Rental and Decrease Nurse Frustration

Optimize Equipment Inventory

Every day, nurses leave bedsides to hunt for equipment. Pumps and beds litter hallways. OR cases get delayed. Supply chain teams buy and rent excess equipment. And clinical engineering is tasked with fixing equipment — that’s not actually broken. Onsite equipment management services from Agiliti solve these problems and help your hospital recover millions in wasted equipment spending. We help you right-size your equipment inventory by ensuring the right equipment is in the right place, at the right time.

DRIVING MEASURABLE IMPROVEMENTS

IMPROVE
EQUIPMENT UTILIZATION

INCREASE CLINICIAN
TIME AT BEDSIDE

REDUCE
EQUIPMENT RENTAL
& PURCHASE COSTS

Our Services Portfolio

Moveable Medical Equipment Management

Comprising 90% of hospital equipment inventory, MME is a challenge to manage efficiently. With our proven process, you get one point of contact, onsite at your facility. From request to pick-up, we can manage equipment in a single department, entire facility or across an IDN.

Specialty Beds and Therapy Surfaces Management

Quick access to the right specialty equipment is key to reducing patient injury. Our onsite staff helps improve speed to therapy, reduce specialty equipment downtime and drive compliance to nursing care plans — all with the goal of ensuring optimal clinical outcomes.

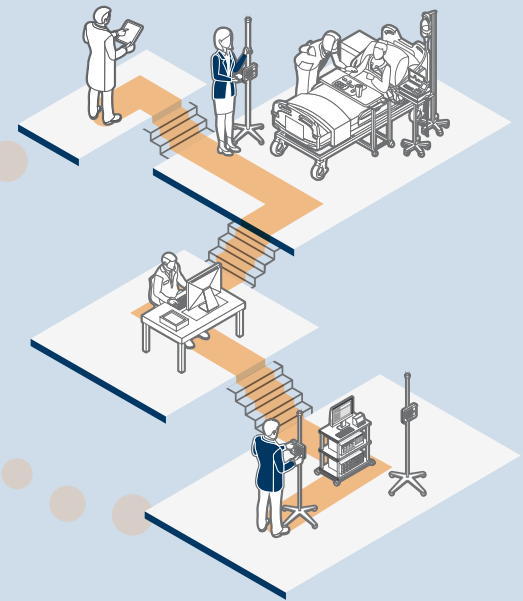

Surgical Equipment Management

Optimizing utilization of expensive surgical lasers within your hospital, or across your IDN, is a priority. Our certified laser technicians safely operate and mobilize your equipment. When there is volume demand, we're ready with state-of-the-art equipment, case management and laser operation services.

One Element of a Broader Solution

Our onsite services unburden staff and reduce equipment costs — but these services alone don't address the spectrum of nursing efficiency, equipment utilization or service cost reduction needs. Agiliti offers an approach called Equipment Value Management (EVM) that connects these areas and multiplies your savings.
