

Core Competencies

CLINICAL ENGINEERING SERVICES

Clinical Engineering

- Flexible access to technicians for preventive maintenance, repairs or other technical services and support—nationwide. Hourly, block-of-time or equipment type programs available.

Imaging

- High-quality, diagnostic imaging equipment maintenance and repair services, parts procurement and vendor management support.

Surgical Equipment Repair

- Fast, local repair and maintenance support for surgical instruments, flexible and rigid endoscopes, surgical power equipment, video and additional services (sterilizer cleaning, rolling stock repair, etc.).

MEDICAL EQUIPMENT RENTAL AND CAPITAL

Moveable Medical Equipment (Rental Only)

- Access to over 300,000 medical equipment devices (infusion, respiratory, patient monitoring, critical care, maternal infant care).

Specialty Beds and Therapy Surfaces (Rental and Capital)

- Best-in-class specialty beds, therapy support surfaces and other bariatric and mobility equipment to support a diverse range of patient groups (early mobility, fall management and skin integrity).

Surgical Lasers and Equipment (Rental and Technician Services)

- Per-case access to leading mobile medical lasers and surgical equipment, as well as surgical technician services to operate your owned surgical lasers.

EQUIPMENT MANAGEMENT

Onsite Equipment Management (Single-site)

- Onsite experts that ensure the right equipment is in the right place at the right time. Program includes onsite staff that deliver, pick-up, clean, test and track equipment usage.

Agile Inventory Management (Multi-site)

- End-to-end management, repair and logistics services that optimize the utilization of medical equipment across multiple locations and stockpiles.

DIFFERENTIATORS

Expertise and Quality

- ISO 13485:2016 certified
- More than 10,000 acute care facilities and IDNs, city, state and federal government, GPOs and device manufacturers served for over 80 years
- Strong government and manufacturer relationships and national agreements

Services and Support

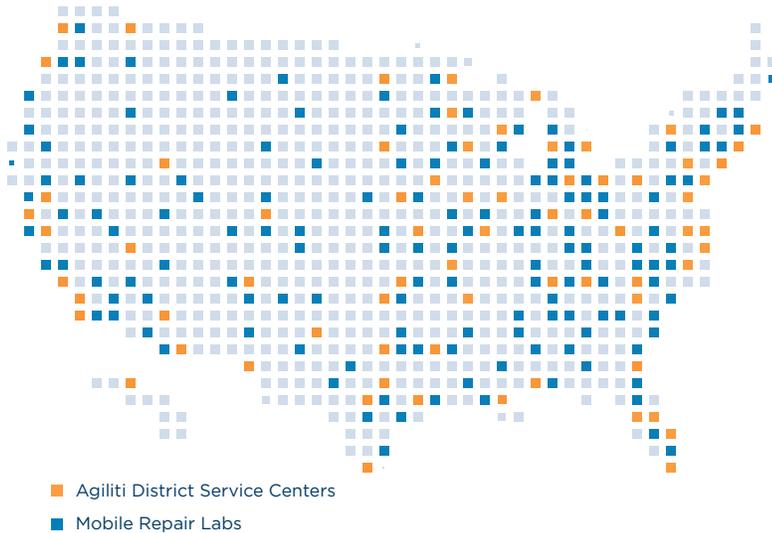

- 150+ service centers providing 24/7 service
- 5,500+ passionate team members
- Online equipment ordering, service request and reporting platform
- Accepts credit and purchase cards
- Partnerships with small and disadvantaged businesses

Agility is uniquely positioned to deliver greater savings and value by connecting multiple services together within your government facilities. Our breadth of end-to-end equipment management and logistics services allow you to reduce your number of vendors and eliminate headaches around the equipment management process.
