

# M-Series Stretchers

**Power-washable design with 700-pound weight capacity**

**Litter-mounted oxygen bottle holder helps eliminate caregiver bending**

**Glideaway™ siderails create a zero-transfer gap**

**Optional integrated scale system provides accurate, repeatable weights**

The advanced SM304 eliminates manual pushing through Stryker's Zoom® motorized technology.

## Mobility, Simplicity, Versatility

Fully-equipped and completely adaptable, the M-Series allows you to choose the mobility solution that best suits your needs. Supremely mobile and user-friendly, these stretchers greatly reduce the physical strain on clinicians without sacrificing patient care and comfort.

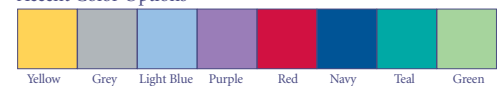

The SM104 uses a retractable fifth wheel to provide superior maneuverability and cornering.

The SM204's Big Wheel® reduces start-up force by 50% and steering effort by 60%.
